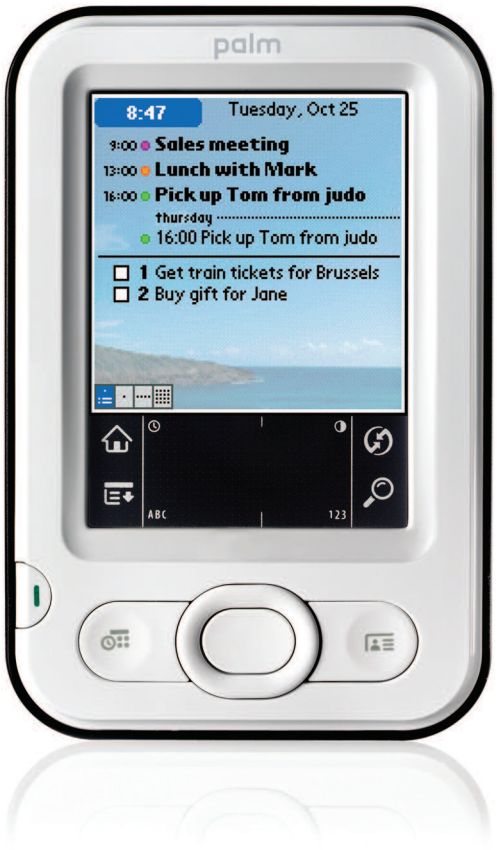
Z22 HANDHELD

Small wonder

Putting the pleasure in staying organised.

Meet the Palm® Z22 handheld. It puts the pleasure in staying organised. So simple to use, you can get started in seconds. It's small and light. There's a colour screen. Appointments, phone numbers, photos–it's all there. And all this and more at a price you'll love.



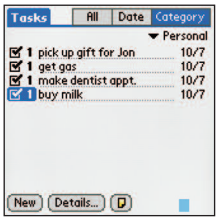
Quick Facts

- Affordable personal organiser
- Simple, easy to use
- Keeps your information safe
- Cool and compact design
- Personalise it with photos, shopping lists and handy bonus software
- Bright, colourful screen

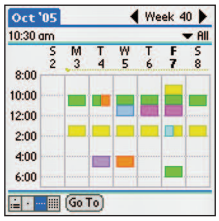
Top things to love

We gave our friend Laura a Palm® Z22 organiser, and she loved it. This is a list of her favourite things. What'll yours be?

1. Always have everyone's number and address with me. From my boss to my childrens' school.



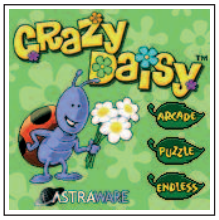
2. Checking off items on my to-do list feels really good.



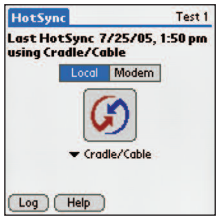
3. Colour-coded categories. A great idea. Green for work stuff, pink for play stuff, yellow for kid stuff.

4. Being able to show my friends a few snaps from our last holidays.

5. The Find feature! You enter in a name or a topic and then instantly see where it appears: Calendar, Memos, and more.



6. Playing games.



7. With one tap everything is synchronised between my organiser and my computer. I always have a back-up copy.[1]

8. No more forgotten birthdays! I enter it in once, tap "repeat," and it remembers it for years to come. An alarm even tells me when to pick up a gift.

1. Requires compatible computer and installation of included synchronisation software.

Z22 HANDHELD
